

PRODUCT DATA SHEET

PT9202J

VERSION 3

OVERVIEW

PAVA Operational - Spray

Code: PT9202J

Weight: 89g Approx
(Contents 47ml)

PAVA 360 Incapacitation Spray

Methods of Use

The PAVA Incapacitant Spray is designed to incapacitate hostile personnel using less than lethal force. The Spray is used to quickly neutralise isolated persons which primarily affects the eyes causing closure and discomfort. The product meets the requirements as set out in the Home Office publication 23/14 standard for police chemical irritant sprays: CS and Pava which includes:

- Flammability: Non Flammable
- Orientation Assessed: Upright and Inverted

Description

The canister consists of 0.3% PAVA solution with an inert high-pressure Nitrogen propellant. The canister emits a thread-like stream to a maximum 2 metres
