

## PRODUCT DATA SHEET

PT9202K

VERSION 3

### OVERVIEW

## PAVA Training - Spray

Code: PT9202K

Weight: 88g Approx  
(Contents 47ml)

**PAVA 360 Training Spray**

### Methods of Use

The PAVA Training Spray is designed to simulate the incapacitation of hostile personnel using less than lethal force. Due to the development of the canister the PAVA spray is able to be deployed inverted as well as via the standard deployment method. The product meets the requirements as set out in the Home Office publication 23/14 standard for police chemical irritant sprays: CS and Pava.

### Description

The canister consists of 100% deionized water solution. The PAVA spray is supplied in a grey aluminium canister.
