Powder Charge: 227g

Cartridge, 25Pdr Blank, 227g Charge

Description

The 25Pdr Blank is designed to be used for saluting and ceremonial purposes. The cartridge emits smoke and a loud report upon firing; without leaving any burning debris on the ground.

The cartridge design consists of an anodised aluminium, brass coloured two-piece case which houses a percussion primer in the base, used to ignite the black powder charge.

The Cartridge is designed to be fired through a 25 Pounder Field Gun.

Range Safety Template available on request.
Primetake's internal testing/ proofing methodology and weapon specification available on request.
