OVERVIEW

Ceremonial/Saluting

Code: PT3512

Powder Charge: 300g

Cartridge, 75mm Blank

Description

The 75mm Blank is designed to be used for saluting and ceremonial purposes. The cartridge emits smoke and a loud report upon firing; without leaving any burning debris on the ground.

The cartridge design consists of an anodised aluminium, brass coloured two-piece case which houses a percussion primer in the base, used to ignite the black powder charge.

The Cartridge is designed to be fired through a 75mm Saluting Cannon or equivalent.

Range Safety Template available on request.
Primetake's internal testing/ proofing methodology and weapon specification available on request.
